

ARRAIGN SUNDAY DRUNKS IN GROUPS

Judge Warner Face So Many Prisoners He Has to Hear Pleas and Deal Out Sentences in Batches.

In an effort to expedite matters at city court, Monday morning—there being more than 20 prisoners to be arraigned charged with being drunk—Judge Herbert D. Warner had them brought into court in groups. In each case he asked those pleading guilty to make it known by saying "aye" and generally after his command a chorus of "ayes" was given by the prisoners. He employed the same system for handing out the sentences.

The first group arraigned—all having pleaded guilty, and none of them being citizens of South Bend and not wanting to be—were ordered to the city boundary line with suspended sentences of \$1 and costs hanging over their heads. They were James and John Murphy, George Wilson, John Wall, Charles McGinn and Joseph Henderson.

Five dollars and costs was the fine handed to the second group. They made exactly the same plea except that they were South Bend citizens and all had been "in" before. They were Dick Gruber, William Sherman and Hugh Dehan.

Then a series of prisoners were arraigned to draw \$5 and costs fines. James Studley was first. He narrowly escaped getting in with the "35 and costs" bunch, only escaping by declaring he had never been arrested before in his life. At this time the Dish, who was calculated to be a \$1 and costs prisoner, escaped with a suspended sentence, by declaring he had never paid the police a visit before in his life. The others who got \$1 and costs fines were: James Hanley, who has not been in trouble for more than two years; Joseph Smith, who has not been in for the same length of time; Forest Winners of Dowagiac, who never was in South Bend before in his life; and Otto Miller of Laporte, who had \$1 and costs, anyway.

Melvine Lord and Ella Chamberlain were the only two who would take a chance at pleading not guilty. They were put back in the cell room, trial being set for Thursday. Bond in each case was set at \$25, although both defendants were unable to furnish it. Frank Moore and Joseph Shimanski got away with suspended sentences, both having never been arrested before.

Detectives Kuespert declared Monday that the "lid" was clamped down tight Sunday in spite of the fact that several of the drunks were arrested during the morning. He said they all had bottles.

POSSE HUNTS MAN WHO SHOT COUPLE ON COUNTRY ROAD

M. R. Sutherland, one of the engineers in charge of the survey of the proposed canal from Lake Erie to Lake Michigan, was in South Bend Saturday and took the gauge of the St. Joe river at this point. Several more readings will be taken in order to determine the average flow and the volume of water.

Work is now progressing rapidly, the corps of engineers having reached South Whitley. The number of men working on the survey has been increased to eighteen and it is expected that with this large force, the engineers will soon be working near South Bend.

BOY ON WHEEL IS HIT BY MOTORCYCLE

Claude O'Donnell, 103 N. St. Louis st., narrowly escaped serious injury Monday noon when the bicycle on which he was riding was struck by a motorcycle at the corner of Main and Wayne sts., throwing him several feet on the pavement.

The motorcycle crashed into the bicycle as the boy swung around the corner off Wayne st. The motorcycle driver left before his name was obtained.

EVANSVILLE—The Sunday school union of this city adopted a resolution condemning John D. Rockefeller, jr., in refusing to stop the brutality in the Colorado coal field strike, declaring him to be a "detriment to the cause of Christ."

ALL SECTIONS ARE ALLOTTED, ROAD PLANS COMPLETE

All of the 20 quarter-mile sections have been given to various South Bend individuals and concerns, and everything is now ready for the "Good Roads day" Thursday when the residents of South Bend and Niles will repair the road between the two places.

Various business firms and individuals have made contributions to carry on the work of building the road. The total money received so far is nearly \$250. City Engineer Moore is in charge of both the actual road building and the collecting of funds to aid in its building.

Those interested in the Lincoln highway question will meet Monday night in the auditorium of the J. M. S. building at 8 o'clock to discuss the coming election on May 28. The main business of the meeting is to plan for the election and to provide automobiles for all those who are going to vote in the election, but several other important things will probably be brought up.

Want Voters to Get Out.
"We are working hard to get a large number of voters interested in the Lincoln highway," said M. L. Williams, secretary of the organization. "In order to get the Lincoln highway through, it will be necessary to have as many as possible vote on May 28."

Those who will have charge of the various sections for Thursday's work follow:
Section 1—Lincoln garage, John Russell; section 2, Northern Indiana Gas & Electric Co., B. S. Walters; section 3, city of South Bend, Dewey Layton; section 4, Oliver Plow Co., Mr. Wagner; section 5, Stewart-Sheetz Co., Samuel Sheetz; section 6, Central Union Telephone Co., section 7, H. G. Christman Co., Julius Christman; section 8, C. H. Defries; section 9, Studebaker corporation; section 10, Hoban and Roach, Morris Hoban; section 11, Home Telephone Co., F. E. Williams; section 12, Ellsworth store, J. C. Ellsworth; section 13, Rambler Bros., Frazier and Frazier; section 14, Sam. Leeper; section 15, South Bend Business college; section 16, South Bend Chilled Plow Co.; section 17, South Bend Foundry Co., Horace Greene; section 18, Engman, Matthews and O'Brien, Mr. Matthews; section 19, Indiana & Michigan Electric Co., Ralph Hague; section 20, Walter Miller.

SIAMESE CONNECTIONS MAY BE EMPLOYED BY CITY FIRE DEPARTMENT

Test of the water pressure made Friday afternoon made by cooperation of the water department with the board of safety, as to the outlying districts, resulted in no definite conclusion, except to demonstrate the necessity of increasing the pressure in the city if possible. Before ordering any pumps or boosters, however, the board of safety has concluded to purchase what is called a Siamese connection for the department, and ascertain to what extent it will help.

The Siamese connection as explained by Supt. Toyne of the water department, is a double connection that carries the water from the hydrant to the scene of the fire through two hoses instead of one, the two connecting on one back of the nozzle at a sufficient distance to allow a single hose for handling by the firemen. He explains that the loss of pressure would be reduced about one-third by this process, as to the loss that takes place beyond the hydrant.

Another test will be made as soon as these connections can be secured, and if they are thought sufficient, all hose wagons will be equipped with one. Otherwise it will probably be necessary to buy pumps, two of which will add some \$10,000 to next year's fire department budget.

TAG DAY FOR POLISH POOR BRINGS \$140.87

Tag day for the benefit of the Polish poor of the city instituted by the Polonia club, a charity organization, netted \$140.87 Sunday.

The tags Sunday were sold among the parishioners of St. Hedwig and St. Stanislaus Catholic churches by 20 young ladies of the Name of Mary society.

Individual donations have been pledged and the club expects to have \$175 to distribute among the poor.

REVENUE OFFICE TO BE OPENED IN SOUTH BEND

James Butler Will be in Charge of Branch to be Established Here, Collector Krueyer Announces.

South Bend will have a branch office of the internal revenue department by June 1. Announcement that the office would be re-established in South Bend was made Monday morning by Peter J. Krueyer, collector of internal revenue at Indianapolis, just before he returned to the capital after spending the week-end with his family in this city.

James Butler has been recommended as deputy to be in charge of the local office. Collector Krueyer announced. He will establish himself in quarters on the second floor of the postoffice now occupied by inspector John N. Hunter.

Although the office will be opened June 1, stamps will probably not be on sale until a week later. Supplies are not issued by the government until all the details attendant upon the qualification of the deputy are completed, which fact will necessitate the delay.

The internal revenue office was discontinued in South Bend several years ago, but through the influence of Senator Shively and Collector Krueyer it is being reopened.

PAIR CAUGHT IN RAID DRAW FINES OF \$10

Harry Swartz and Mrs. Guy Cousin, Who Broke Her Arm by Jumping to Escape, Plead Guilty.

Fines of \$10 and costs were imposed on Harry Swartz and Mrs. Guy Cousin when they pleaded guilty in city court Monday morning to charges of frequenting a house of ill fame. They were taken in a raid on an alleged resort at 116 W. Wayne st. Saturday night.

Mrs. Cousin made an effort to escape the police by jumping from an upstairs window and as a result she sustained a broken arm. She pleaded guilty in city court to frequenting the place, but denied that she lived there. Her home, she said, is in Toledo, and as she is not known by the police here, she was given a minimum fine.

Trial of the others arrested in the raid will be set next Thursday when they will be arraigned. The others are: Frank Reed, charged with keeping the alleged resort; Clarence Stickley, 301 1/2 E. Jefferson Blvd.; Martha Palleon and Bernice Kelly, charged with frequenting it. The Palleon and Kelly girls have police records.

Besides Rev. M. T. Szalewski, who had charge of the campaign, Chester Michowski, Frank Bezczewski and Henry Kaczynski were on the committee.

MRS. JULIAN IVAN DIES

Resident of South Bend For 51 Years Passes Away.

Mrs. Julian Ivan, 64 years old, a resident of this city since 1853, having come to South Bend from the east in a covered wagon drawn by oxen, died at the family residence at 513 S. Scott st., at 12:30 o'clock Monday morning.

Mrs. Ivan was born in Ohio and came here when she was three years old. When a girl she united with the First Evangelical church and has always been an active worker.

Mrs. John Markle and Charles F. Ivan of this city, her daughter and son, survive her, besides her husband. Two brothers and two sisters survive her.

Funeral services will be arranged later.

WILL START MISSION ON E. LASALLE AV.

A gospel station mission will be founded in the store building at 436 E. LaSalle av., next Thursday night by the Lowell Heights M. E. church. Interdenominational services will be held although the meetings are under the direction of the Methodist church. Rev. Arthur Schaefer will be superintendent. No collections will be taken up at the services it being the plan to raise the money for financing the proposition through special donations.

PHYSICIAN ON TRIAL AS SLAYER MAY PLEAD THE UNWRITTEN LAW

GREENSBURG, Pa., May 18.—Dr. Martin E. Griffith, Monessen's most prominent physician, was placed on trial here today charged with causing the death of William L. Robinson, a music teacher of Pittsburgh. The accused physician was late in reaching court, having missed a train. When he arrived at 10 o'clock he appeared haggard. After the indictment charging him with murder had been read, he entered a plea of "not guilty" in a clear and audible tone.

Due to the fact that Griffith's counsel is trying to fill the jury box with married men, it is believed the "unwritten law" will be the physician's defense. The surgeon returned unexpectedly to his home last January, and found, he claims, Robinson assaulting Mrs. Griffith. He overpowered the music teacher and tied him to the bed and is charged with mutilating him in such a manner, as caused his death.

GERMAN ARMY AVIATOR IS KILLED IN FALL

FRANKFORT ON THE MAINE, Germany, May 18.—Lieut. Pohde of the aviation corps of the German army, was killed today while making a flight as a passenger in the Prince Henry aviation competitions. He was riding with Lieut. Kolbe when their monoplane capsized. He was the third army aviator to be killed in Germany within 24 hours. Kolbe escaped with slight bruises.

MAY SENTENCE DRUNKS TO HELP REBUILD THE NILES ROAD MAY 21

Drunks and other petty offenders arrested between now and Thursday morning may have the pleasure of helping South Bend rebuild its share of the road from this city to Niles, May 21, under the "stoneyard" sentences allowed by statute, according to suggestion of City Judge Warner Monday and agreed to by Mayor Keller.

"The law allows it," said the judge, "and more is the pity that we haven't a stoneyard to put the men to work in. It seems to me that the Niles road for a day, at least would be a good alternative."

Mayor Keller, when approached on the subject, gave it his immediate approval. "Maybe the example will prove a good one and after that we may be able to find some other good place to put such offenders to work, and possibly work is what they need." At the rate that such offenders appear in the city court, Judge Warner may have a squad of 20 or 25 by Thursday, including the Thursday morning gnat.

Mayor Keller also requests that the papers state for him that he urges everybody to take interest in the South Bend to Niles road project, not by making a holiday of it, but a work-day, and all turn out with shovel and pick and show just what they can do.

Concerning this plan Judge Warner said Monday:

"St. Joseph county has great need for a workhouse. The newspapers and public spirited citizens of the county should agitate this matter, and bring about such an institution for this county. Since being judge of the city court nearly eight hundred cases have been tried in the city court—all occurring since the first week in January. Two hundred fifty of these charges have been that of drunkenness. This morning in the neighborhood of twenty-five prisoners were charged with intoxication. Inasmuch as we have no workhouse at this time and probably will not have for at least a year, the question arises, what shall we do with some of these defendants, which will be not only for the best of the prisoners themselves, but for the taxpayers of this county."

"Statute Nos. 2189 and 2190 in Burns revised Indiana Statutes, 1914, gives power to county commissioners to put able bodied male prisoners who are serving sentences in the county jail for misdemeanors to work on the streets, alleys and roads of the county. At Fort Wayne, Ind., they recently took advantage of this statute and the prisoners are now working on the roads of Allen county. Inasmuch as we have considerable good roads agitation at this time it would seem wise for the county commissioners to take advantage of this power. Next Thursday the road between South Bend and Niles is to be repaired. If such a resolution can be obtained from the county commissioners between now and next Thursday, the sheriff of St. Joseph county will be able to furnish a squad of twenty or thirty able bodied men to work on this road. As city judge I would like to see the plan at least tried out on that date."

HOOSIER CREAMS BEAT LAPORTE IN TEN INNINGS

The Hoosier Creams defeated Laporte Sunday, 3 to 2 in ten innings of sensational ball. Tegtmeyer starred with the stick, getting a home run, a double, a single, a sacrifice and was hit by a pitched ball. Touhey, Hudak and J. Gruber fielded in sensational manner, while Yockey held Laporte safe at all stages.

CHARGES WIFE WITH CRUELTY; ASKS DECREE

When he went home his wife treated him cruelly and accused him of being out with other women, is the charge that Clem Vinnedge makes in his complaint for divorce from his wife, Adeline Vinnedge. He further charges that his wife falsely told neighbors of his alleged misconduct.

Mary E. Schoolcraft was granted a divorce from William Schoolcraft Monday morning by Judge Van Fleet in superior court. She was given the custody of their one child, Mrs. Schoolcraft charged that she had been deserted by her husband.

John Kaczmarek was ordered by Judge W. A. Funk Monday morning to pay his wife \$2.50 each week, beginning May 23 until further notice as a result of his wife, Lottie's, suit for separate maintenance. He was also ordered to pay her attorney fees of \$25.

Would like to know what Judge Van Fleet ever did on the bench that has caused prominent republicans to leave their party and seek to nominate by petition any democrat for the judgeship. Are Messrs. Caldwell, C. B. Stevenson, Rome C. Stevenson, Seiberger and Fowler (who signed a democrat petition for Superior Judge) "young and old democrats" appearing on the petition? Will they dare enter the primaries? Eight years ago did they vote as they now petition,—and against Judge Funk?

Isn't it about time that politicians of one party desist from trying to name candidates in another party? Have they no respect, even for the Judiciary? The old party caucus and convention system broke down by just such methods.

Parks appeals to party regularity and party harmony. The stiletto and Bowie-knife are dangerous weapons, and should be under the ban politically as well as otherwise.
